

## New England Youth Theatre Financial Aid Guidelines

**We do not have the resources to offer full scholarships.** Awards are made based on a formula that combines the U. S. Department of Health & Human Services Poverty Guidelines, verified household income and the number of people in the household. The percentages listed below are for your planning purposes.

### Household Income and Aid eligibility (for family of four)\*

\$0 - \$22,050.....	up to 55% of tuition
\$22,050 - \$26,200.....	up to 45% of tuition
\$26,200 \$30,530.....	up to 36% of tuition
\$30,530-\$34,770.....	up to 27% of tuition
\$34,770 -\$39,010.....	up to 20% of tuition

*\* This chart presents an example of financial aid eligibility for a model family of four. We base this chart of the US Department of Health & Human Services Poverty Guidelines. The actual amount of any award made will depend upon the size of the pool of applicants and the amount the Theatre has available in its financial aid fund.*

#### *Factors that will affect the award of financial aid*

1. Availability of funds and the number of applicants.
2. Number of persons in the household and the household income.
3. Whether applications are received by the deadline stated on the front of the financial aid application.

#### Policies

- Confidentiality is maintained throughout the financial aid process.
- Applications will be reviewed by the Managing Director and/or financial aid committee.
- Financial aid is awarded without regard to race, creed, national origin, gender, or sexual orientation.
- No aid can be given if there is an outstanding balance from a preceding class, camp, or other program.
- Financial aid will **not** be awarded toward a recipient's balance until the student has made at least a deposit. **Accounts must be in good standing** to be considered for scholarships.
